JEWELRY BY FRIEDRICH STAHL KG

**LINE UP**

This set of rings is a part of German company Friedrich Stahl KG's Linea di Vita, or Life Line, in the Betulla Campo brand. The rings are structured on the outside in 18 karat yellow and white gold, with red gold for accent and come with or without brilliants.

JEWELRY BY ERICH ZIMMERMAN

**LIGHT BLUE BLISS**

This ring comes from Erich Zimmerman, who says that it resembles "rings like those in our childhood dreams." The ring is made from 750 white gold and adorned with a 27.73 carat aquamarine baguette and 24 brilliant cut diamonds, totaling 0.40 carats.

JEWELRY BY ZAFFIRO

**GEMWORKS**

Zaffiro design team Jack and Elizabeth Gualtieri of Portland, Oregon draw their inspiration from sources as far apart in time as ancient Etruscan gemwork and modern urban architecture. This Chiara collection ring features the signature Zaffiro 22 karat gold granulation technique. It has a 2.04 carat center diamond set in yellow gold, with .30 carats worth of accent diamonds.
